There is an interesting superstition about mirrors. It is said that breaking a mirror will bring seven years of bad luck. The superstition appeared many centuries ago when people just invented mirrors. With them, people could finally see themselves clearly. So, they thought that the users' spirits were in their mirrors. Then they believed that people might get bad luck if they break any of them. No matter breaking a mirror is a bad sign or not, we should try not to break any of them because it is dangerous when you are cleaning the glass pieces!
